

HOBİ “Meet and Greet” with Professor Norm Medoff and Professor John Craft

We had a great group out for the first of our “Meet & Greet” series at the House of Broadcasting museum September 19th. Norman J. Medoff, Professor and Director, School of Communication, Northern Arizona University and John Craft, Professor, Walter Cronkite School of Journalism and Mass Communications at Arizona State University talked about the latest industry standards and trends.

We’d like to thank Professor Medoff and Professor Craft for their valuable insight to journalism yesterday, today & in the future.

And a special thanks to Scott Hanson from HMA PR for the wonderful job moderating the the discussion.
